## PROFILE

---

I am a motivated and results-driven Computer Science graduate from Kwame Nkrumah University of Science and Technology (KNUST), with a strong foundation in software development, data structures, algorithms, and AI technologies. I am skilled in developing innovative solutions and passionate about applying advanced computing techniques to solve real-world problems. Demonstrated ability to work effectively in dynamic team environments and adapt quickly to new technologies. Actively seeking opportunities to leverage my skills in web development, software engineering, and emerging technologies to drive organizational success.

## EDUCATION

### BSc Computer Science

KNUST

January 2020 -September2024
